The "Kankakee County Union," an Illinois paper after the pattern of the Chicago Times, in its issue of March 23d, says: "From all parts of the 'loyal North,' the Spring elections are beginning to show that the dark pall of Abolitionism is being rent in twain, and Democratic principles are becoming triumphant."

Mr. "Kankakee County Union," is it possible that you have not yet heard the news from the "Old Granite State?" You must have been napping. It gives us great pleasure to be able to enlighten your benighted mind. New Hampshire, we take it, is part of the "loyal North." Democratic principles of the Franklin Pierce school, triumphed there, at the late election, in this wise: The Democratic candidate for Governor was elected to stay at home by a majority of nearly six thousand! In the Legislature, the Union majority on joint ballot, is eighty-nine, a large increase over the majority of last year. These triumphs of the peace Pierce Democracy of New Hampshire are certainly very gratifying. "Abolitionism," at this rate, will soon be nowhere. Keep the ball rolling.

The number remaining to be furnished, as reported in the last column, is to be reduced by all the "re-enlisted veterans," as soon as reports of them are made up by the Adjutant General of the army, and by all men recruited and mustered in, in the State since the 1st of March.

FOURTEEN HOURS PER DAY.—From a list read at the Cooper Institute meeting in New York, on Monday night, we learn that the highest wages earned by working women in that city are eighty cents, and only sewing machine operators and cigar makers make that much. It was asserted that in twenty-eight trades women are required to labor fourteen hours every day. This is almost incredible.

It is the object of the Working-women's Protective Union to assert the rights of women who toil for their bread in that city.

"First. By securing legal protection from frauds and impositions, free of expense."

"Second. By appeals, respectfully but urgently made to employers, for wages proportional to the cost of living, and for such shortening of the hours of labor as is due to health and the requirements of household affairs."

"Third. By seeking new and appropriate spheres of labor in departments not now occupied by them."

"Fourth. By sustaining a registry system through which the cost of work may be ascertained in finding employment."

"Fifth. By appeals to the community at large for that sympathy and support which is due to the otherwise defenceless condition of working-women."

WILL NEWMAN'S FRONT.—Col. McCab officially communicates the part taken by his command in the late battle at Vidalia, La., which resulted in a victory to our troops. A force of 200 colored soldiers put to flight in great confusion, four or five times their number of the enemy, with a loss to them of one killed and five wounded, some mortally, and a number of prisoners. Not a man of our command was hurt. Major Chas. W. Smith, commanding a battalion in reserve, says that he and the officers in command were obliged to place themselves before their men with drawn swords, and threaten summary punishment to the first man who would attempt to quit the ranks and join their comrades in fighting in the front, "their eagerness to be engaged being almost irrepressible."

THE RICHMOND WINDS up a long article on Northern affairs in the following interesting style: "For ourselves, we are free to say that we are for peace. We will have it. We must have it. On any terms? Yes on any terms—whether Gen. Lee, standing in Pencil Hall, may choose to dictate to the base-born wretches who have sought to enslave us. The game is a very pretty one as it stands. Our enemies must be conquered by us, or conquered by Lincoln. They must make terms with gentlemen, or they must make terms with a blackguard and a lagoon. Take your choice, O Yankees."

APPEAL FOR THE HARVEY HOSPITAL.—Cotton and linen rags are very much needed for the Harvey Hospital at Madison, as well as potatoes and other vegetables, which is a shame and a disgrace to the State. The helms of the Aid Society of this city, therefore, call upon our citizens to furnish such articles, and they will forward them to the hospital. Don't let our sick boys suffer in our midst.

Contributions can be left at the store of J. T. Wright, on the West, and S. H. Culver, on the East side of the River.

LEAVE VS. LIE.—An extract from a rebel paper was forwarded to Washington on Monday by General Meade, from the Army of the Potomac, containing full details for the reorganization of that army in advance of any received at headquarters. The General is desirous of knowing how the leak can be stopped.

FROM MADISON.

Editorial Correspondence.
MADISON, March 23, 1864.
Saturday was an unusually busy day in the Senate—that body passing no less than fifty-two bills, although many of them were of a strictly local character.

The President presented the resolution of the House of Representatives of Iowa, directing Hon. W. J. Gilchrist, a member of that house to extend an invitation of the committee appointed for that purpose to attend the Northwestern Ship Canal Convention, to meet at Dubuque on the first Monday of May, with the object of inducing Congress to take measures to remove the obstructions of, or build a canal around the Upper and Lower Rapids of the Mississippi river, and also to construct a ship canal from some point opposite the eastern border of Iowa, to connect the Mississippi river with Lake Michigan.

The House have spent most of the morning in debating the bill allowing J. M. Cady, of Waaukegan, \$150, to pay expenses incurred in contesting the seat of Mr. Costigan, it finally passed by a strict party vote.

The following complimentary resolutions, introduced by Judge Hubbell on Friday, were passed on Saturday.

Resolved, That the U. S. Sanitary Commission—its officers and its good will and hearty support of this Legislature, and that we hereby testify on behalf of the soldiers and people of Wisconsin, to the comprehensive benevolence of its principles, and the efficiency of its plans as a means of promoting the welfare of the army.

Resolved, That we especially value the nationality of its views by which all our soldiers, without distinction of place or race, are regarded as U. S. soldiers and treated as such in all respects.

Resolved, That the Ladies' Aid Societies of Wisconsin, acting as they do in co-operation with the U. S. Sanitary Commission, are heartily commended to the continued support of our people, as the most suitable tributes through which the contributions of Wisconsin may find their way to the hospitals and camps of the army.

Resolved, That the patriotic and generous spirit with which the efforts of the U. S. Sanitary Commission have been sustained by citizens of this State, and especially by its noble and patriotic women, is worthy of the highest commendation.

Ninety recruits for the 5th Wis. cavalry left here on Friday last to join the regiment now stationed at St. Joseph.

And Owen Lovejoy is dead at last. Would to God that he could have lived to have seen the last vestige of that fiendish spirit which murdered his noble brother, banished forever from the minds and hearts of American citizens.

Delegates to the State Convention already begin to arrive. It looks now as if Mr. Lincoln's friends were to have it all their own way.

What States Furnish the Soldiers.

The New York Times has been examining the statistics carefully to find the relative proportion of soldiers furnished by the States of the Union yet belonging to the Federal government. It says: "In examining the table, we find that, previous to the call of last week, the number of soldiers due on former calls from the six New England States was eight thousand five hundred and four; from the Middle States, New York, New Jersey, Pennsylvania and Ohio, one hundred thousand and four hundred and ninety-five; and from the five Border States, Delaware, Maryland, West Virginia, Kentucky and Missouri, thirty-three thousand eight hundred and sixty-seven, while in the Western States there was an aggregate credit of forty-one thousand six hundred and ninety. regard being had to the ratio of the population, the deficiency in the Border States is about twelve and a half out of a thousand; in the Middle States about ten out of a thousand; in New England about two and a half out of a thousand; while in the Western States there is a positive surplus of nearly one in a thousand."

It continues: "This exhibit is most extraordinary. But extraordinary as it is, it cannot be contradicted. The data are official; the results are as certain as arithmetic. What do they mean? Is it indeed true that there is 'graduation in the quality of the patriotism' of the different divisions of the so-called loyal part of the country? Must we admit that the West is first in the earnestness of her devotion to the old flag, New England next, the Middle States next, and next, too, with a long interval, and the Border States last? It will go hard, but that history will write the same thing of us. There is no possible way for New York and her sister Central States to avoid it, but in making amends for their comparative backwardness in the past, by redoubled exertions in the future."

A New Yorker.—The last number of the Whitewater Register commences its eighth volume, and the editor with good reason, evidently, congratulates himself and expresses his thanks to his friends in view of the generous patronage he has received. If the editor has reason to be thankful for his success, much more have the citizens of Walworth county cause to congratulate themselves upon the excellence of their county paper, for it is one of the handsomest and ablest weeklies in the State.

Gen. Burnside has been making a political speech in Chicago. He had better be fighting the rebels.—Madison Patriot.

He was fighting rebels when he suppressed our yoke-fellow, the Chicago Times.

PRICE OF COAL FOR 1864.—The Rondout (N. Y.) Courier says that the Delaware and Hudson Canal Company have issued their circular, giving the contract prices of coal for the coming season. The following are the prices fixed upon for the different sizes: Lumber lump, \$7; steamer lump, \$7; grate, \$7.10; egg, \$7.25; stove, \$7.50; chestnut, \$6.50.

J. M. BURGESS, Chm. Com.
Janesville, March 29, 1864.

NEEDLESS AND USELESS.—The entertainment at Lippitt's Hall this evening will, without doubt, be a grand thing. The notices given of the performance in other places, are flattering. We reproduce one from a Racine paper:

"Karl Kahr has been entertaining us with feats of loggdoman for the last two evenings, performing on each occasion to great houses. He is accompanied by his brother, William Kahr, who is a very talented vocalist and performer on the piano-forte. The former's loggdoman feats were of the best description."

MURDER OF MR. LEVI GRANT.
We learn that a letter has been received by Sheriff Penber, from John L. V. Thomas Esq., that Mr. Levi Grant, a prominent farmer of the town of Newark, was shot and instantly killed last evening, while sitting in his own house reading.

The fatal shot was fired through the window by some unknown person. No reason, that we hear of, has been assigned for the commission of this foul crime.

FIRST WARD CAUCUS.
Pursuant to call the meeting was called to order at 2 o'clock, p. m.

On motion the following ward officers were nominated:

A. A. JACKSON, for Alderman for 2 years.
ALEX. GRANT, " " " to fill vacancy.

The following named persons were elected as delegates to represent said ward in the city convention to be held March 31st.

Edward Field, Hiram Bump, D. W. Inman, Obed Dunn, Horace Dewey, R. B. Treat.

A. A. JACKSON, Wm. M. Tallman and Horace Dewey were then appointed ward committee for the ensuing year.

DELINQUENTS OF THE 3d ASSEMBLY DISTRICT.
At a delegate convention of Assembly District No. 3, held pursuant to call at Emerald Grove, March 26th, 1864, to elect two delegates to represent said district in the State Union Convention, to be held at Madison, March 30th, D. R. Spooner was chosen chairman, and J. Fowler Secretary.

The chairman appointed W. H. Stark, H. S. Wooster and Wm. Snyder a committee to examine credentials. This committee reported delegates as follows:

Bradford, J. Fowler, Wm. Gardner, J. C. Scott, L. Inman and T. C. Westby.

Clinton, H. S. Wooster, D. G. Cheever, Wm. Snyder, C. W. Cobb and A. Cover.

Johnston, C. L. Payson, O. C. Payson, Ephraim Cary, Ira Dexter, and D. R. Spooner.

La Prairie.—W. H. Stark, L. Finch, S. Smith, T. Parker and A. Sherman.

J. C. Scott, delegate elected from Bradford, not being present, J. B. Tracy was appointed to fill the vacancy.

Ephraim Cary, of Johnston, not appearing, O. C. Payson was appointed to fill his place.

W. Cobb, of Clinton, not being present, and no person not a delegate being in attendance from said town, H. S. Wooster was empowered to cast two votes.

W. H. Stark and H. S. Wooster were then elected as delegates from the 3d Assembly district, to the State Convention.

The delegates were called upon to designate their choice for the next President. Each responded with timely remarks.

Mr. Stark gave his preference for Gen. Butler, and Mr. Wooster for Mr. Lincoln, but each of the delegates emphatically stated that whoever received the nomination at the National Union Convention, should receive their hearty support.

A suggestion was made that the district delegates state in turn, as their names were called, their individual preference for the Presidency. The suggestion met with approval, and the vote was taken. Ten delegates gave their preference for Mr. Lincoln, seven for Gen. Fremont, and three for Gen. Butler.

This expression was not called for with a view to trammel the delegates with instructions, nor to forestall public opinion.

On motion the convention adjourned sine die.

D. R. SPOONER, Chairman.
JACOB FOWLE, Secretary.

This notice of security will be eagerly sought for.

YELLERS COMING HOME.—The 2d Wisconsin Cavalry Regiment, under command of M. J. Barman, reached Cairo yesterday afternoon, on its way home on a short furlough. They will probably pass through our city tomorrow afternoon.

Things to be Remembered.
First, That it is a positive business necessity to have your buildings, merchandise and other personal property insured against fire.

Second, That E. L. Dimock now has the agency of nearly all the *Sound Old Eastern* Insurance Companies that are represented in the west, and that the capital represented by these companies is sufficient to do all the insurance for Janesville and Rock County.

Third, That these companies are noted for adjusting losses fairly and paying them promptly.

Fourth, That E. L. Dimock has left a few more of these beautiful calendars for 1864, blotting pads, and excise laws for distribution to customers.

A Cup.—In October last, my dwelling house was entirely consumed by fire. It was insured in the *Continental of New York* for \$600, which amount was promptly paid to me by their agent, Mr. L. L. Dimock.

Janesville, March 28th, 1864.

ANOTHER CASE.—On the 27th day of Jan'y last, my dwelling house, in the 4th ward of this city was destroyed by fire. It was insured in the *Continental of New York* by E. L. Dimock for \$600, which amount he was authorized to and did pay at once on receipt of the necessary proofs of loss.

Janesville, Mar. 28, '64.

STILL ANOTHER CASE.—On the 28th day of Feb'y last, my house was destroyed by fire. My furniture, which was insured by Mr. E. L. Dimock, in the *House of N. Y.*, was more or less damaged.

The amount of such damage being ascertained, was promptly paid by Mr. Dimock.

Janesville, Mar. 28, 1864.

ASO YIA AOTHEIN.—I had on board of the propeller *Panacanda*, which was sunk some months since, in Buffalo Harbor, an invoice of groceries which were insured by E. L. Dimock, in the *Home Insurance Company of New York* for Five Thousand, Six Hundred Dollars. Immediately on presentation of my claim the full sum insured was paid.
